Chlamydia A in the female genital tract <i>A. L. Hilton, S. J. Richmond, J. D. Milne, F. Hindley, and S. K. R. Clarke (Gt Britain)</i>	1
Chlamydial infections of the cervix <i>J. D. Oriel, P. A. Powis, P. Reeve, A. Miller, and C. S. Nicol (Gt Britain)</i>	11
Raised levels of an unknown beta globulin in the serum of patients with non-specific urethritis and Reiter's disease <i>G. W. Csonka, E. W. Bassett, and G. Furness (Gt Britain and USA)</i>	17
Ultrastructural characteristics of <i>Trichomonas vaginalis</i> <i>N. M. Ovčinnikov, V. V. Delektorskij, and S. A. Kosmacheva (USSR)</i>	22
<i>Treponema pallidum</i> within cells of a primary chancre from a human female <i>J. A. Sykes, J. N. Miller, and A. J. Kalan (USA)</i>	40
Why is the infectious stage of syphilis prolonged? <i>D. J. M. Wright and A. S. Grimble (Gt Britain)</i>	45
Prevalence of gonorrhoea in prostitutes in a Central African town <i>A. Meheus, A. De Clercq, and R. Prat (Rwanda)</i>	50
Value of screening for gonorrhoea in obstetrics and gynaecology <i>P. I. Silverstone, C. A. Snodgrass, and A. S. Wigfield (Gt Britain)</i>	53
Penicillin treatment of gonorrhoea in Edinburgh <i>R. N. T. Thin (Gt Britain)</i>	57
Pivampicillin HCl-probenecid combination in the treatment of uncomplicated gonorrhoea <i>L. Forström (Finland)</i>	61
Venereal diseases in Bangladesh <i>R. S. Morton (Gt Britain)</i>	64
Factors influencing venereal infection in a war environment <i>G. Hart (Australia)</i>	68

Wenckebach phenomenon occurring in secondary syphilis <i>W. E. Ince and B. S. Mahabir (Trinidad)</i>	97
Evaluation of the counter-immunoelectrophoresis technique in syphilis serology <i>J. R. J. Bänffer, S. Bissumbhar, and J. H. Bekker (Netherlands)</i>	101
Gonococcal oro- and nasopharyngeal infection <i>E. Stoltz and J. Schuller (Netherlands)</i>	104
Diagnosis of gonorrhoea in women—Role of the rectal sample <i>M. N. Bhattacharyya and A. E. Jephcott (Gt Britain)</i>	109
Treatment of gonorrhoea contracted in the Western Pacific Region <i>W. J. Brownlow, L. P. Watko, E. J. Aucoin, and R. Iglesia-Fernandez (USA)</i>	113
Procaine penicillin alone compared with ampicillin plus probenecid in the treatment of gonorrhoea in the male <i>R. B. Roy and S. M. Laird (Gt Britain)</i>	117
Effective treatment of gonorrhoea in London with two oral doses of amoxycillin <i>R. R. Willcox (Gt Britain)</i>	120
Non-specific genital infection in a general practice <i>H. Fox (Gt Britain)</i>	125
Delayed hypersensitivity in the rabbit after injection of viable 'NSU <i>Corynebacteria</i> ' <i>G. Furness (USA)</i>	132
Serological studies on the role of <i>Chlamydia</i> in the aetiology of non-specific urethritis <i>P. Reeve, R. K. Gerloff, E. Casper, R. N. Philip, J. D. Oriel, and P. A. Powis (Gt Britain and USA)</i>	136
Family survey of Reiter's disease <i>J. S. Lawrence (Gt Britain)</i>	140
Tinidazole—a new preparation for <i>T. vaginalis</i> infections	
I. Laboratory evaluation <i>A. Forsgren and J. Wallin (Sweden)</i>	146
II. Clinical evaluation of treatment with a single oral dose <i>J. Wallin and A. Forsgren (Sweden)</i>	148
Attempt to initiate community action programmes in venereal disease education <i>J. E. De Muth, J. R. Arndt, and M. H. Weinswig (USA)</i>	151
Vaccina of the vulva <i>J. S. McCann, J. R. W. Harris, and J. D. H. Mahony (Gt Britain)</i>	155
Correspondence	157
Notes	159
Abstracts	160

Changing patterns of treponemal disease <i>R. R. Willcox (Gt Britain)</i>	169
Electron microscopy of gonococci in the urethral secretions of patients with gonorrhoea treated with penicillin and erythromycin <i>N. M. Ovcinnikov, V. V. Delektorskij, and B. A. Afanas'ev (USSR)</i>	179
Immunofluorescence staining for the detection of <i>Neisseria gonorrhoeae</i> in women <i>R. Barteluk, G. W. Lavender, A. E. Wilkinson, and P. Rodin (Gt Britain)</i>	195
Modified transport and growth medium for the cultivation of <i>Neisseria gonorrhoeae</i> <i>J. D. Brown (Gt Britain)</i>	199
Sensitivity to ampicillin, penicillin, and tetracycline of gonococci in Rotterdam <i>E. Stolz, H. G. F. Zwart, and M. F. Michel (Netherlands)</i>	202
Gentamicin in the treatment of gonorrhoea in females <i>W. Bowie, A. R. Ronald, W. Krywulak, C. Y. Cates, and P. Boutros (Canada)</i>	208
Growth and effect of mycoplasmas in Fallopian tube organ cultures <i>D. Taylor-Robinson and F. E. Carney Jr. (Gt Britain)</i>	212
Sexually-transmitted diseases in women <i>J. Wallin, H. Gnarpe, and A. Forsgren (Sweden)</i>	217
An approach to VD control based on a study in Kingston, Jamaica <i>W. F. George (USA)</i>	222
Hepatitis B antigen in prostitutes <i>G. Papaeangelou, D. Trichopoulos, G. Papoutsakis, T. Kremastinou, and E. Pavlides (Greece)</i>	228
Alfred Fournier, 1832-1914. His influence on venereology <i>M. A. Waugh (Gt Britain)</i>	232
Malignant syphilis and hepatitis <i>V. N. Sehgal and V. L. Rege (India)</i>	237
Correspondence	239
Reviews	242
Abstracts	244

Modified method of filtering cerebrospinal fluid and aqueous humour for the detection of treponemes <i>P. Collart, P. Franceschini, M. Poitevin, F. Dunoyer, and M. Dunoyer (France)</i>	251
Treponemal IgG and IgM response in experimentally infected chimpanzees <i>W. P. Duncan and U. S. Grant Kuhn III (USA)</i>	257
Use of <i>T. pertenue</i> in the fluorescent and immobilization tests <i>M. F. Garner, J. L. Backhouse, G. Daskalopoulos, and J. L. Walsh (Australia)</i>	264
Syphilis and chronic liver disease <i>J. R. W. Harris, V. J. McCann, J. D. H. Mahony, J. Kennedy, and T. T. Fulton (Gt Britain)</i>	267
Cephalothin in the treatment of syphilis <i>G. Nicholis and A. Loucopoulos (Greece)</i>	270
Fimbrial haemagglutination by <i>Neisseria gonorrhoeae</i> <i>S. A. Waitkins (Gt Britain)</i>	272
Effect of <i>Neisseria gonorrhoeae</i> on human and rabbit oviducts <i>D. Taylor-Robinson, S. Whytock, C. J. Green, and F. E. Carney, Jr (Gt Britain)</i>	279
Spectinomycin : Minimum inhibitory concentrations for <i>Neisseria gonorrhoeae</i> <i>I. A. Porter and W. J. Wood (Gt Britain)</i>	289
Spectinomycin hydrochloride in the treatment of uncomplicated gonorrhoea in males and females <i>M. Kousa, A. Lassus, R. Järveläinen, and O-V. Renkonen (Finland)</i>	291
Spectinomycin in the treatment of gonorrhoea in males <i>R. R. Willcox (Gt Britain)</i>	294
Treatment of acute gonococcal urethritis in Bangkok, Thailand <i>S. T. Brown and T. McMinn (USA)</i>	298
Doxycycline HCl (Vibramycin) syrup as a single dose oral treatment <i>C. B. S. Schofield and G. Masterton (Gt Britain)</i>	303
Effect of high-speed centrifugation on the sensitivity of irradiated McCoy cell culture for the isolation of <i>Chlamydia</i> <i>S. Darougar, S. Cubitt, and B. R. Jones (Gt Britain)</i>	308
Cervical cytology in non-specific genital infection <i>P. D. Simmons and F. Vosmik (Gt Britain)</i>	313
Accidental gonococcal infection of a child's eye <i>J. O. Doyle (Gt Britain)</i>	315
Transfer of gonococcal pharyngitis by kissing ? <i>F. E. Willmott (Gt Britain)</i>	317

New fluorescent antibody test for the serological diagnosis of syphilis <i>M. Sepetjian, J. Thivolet, J. C. Monier, and F. Tissot Guerraz (France)</i>	331
Specificity, sensitivity, and diagnostic value of the TPHA test <i>J. Lesiński, J. Krach, and E. Kadziewicz (Poland)</i>	334
<i>Treponema pallidum</i> haemagglutination test as a screening procedure for the diagnosis of syphilis <i>H. Young, C. Henrichsen, and D. H. H. Robertson (Gt Britain)</i>	341
TPHA and RPL tests for yaws antibodies <i>A. Fischman, A. D. Bree, and R. A. Lynch (New Zealand)</i>	347
Biological false positive serological tests for syphilis among drug addicts <i>R. E. Kaufman, S. Weiss, J. D. Moore, V. Falcone, and P. J. Wiesner (USA)</i>	350
Surface structures of the gonococcus <i>A. Grimble and L. R. G. Armitage (Gt Britain)</i>	354
Tonsillar gonorrhoea demonstrated by a suction device <i>E. From and N. K. Veien (Denmark)</i>	360
Copper <i>versus</i> the gonococcus <i>in vivo</i> <i>L. Cohen and G. Thomas (Gt Britain)</i>	364
<i>Neisseria meningitidis</i> in urogenital infection <i>A. Beck, J. L. Fluker, and D. J. Platt (Gt Britain)</i>	367
Prostatitis after urethritis in Singapore <i>R. N. T. Thin (Gt Britain)</i>	370
Non-specific urethritis associated with a tetracycline-resistant T-mycoplasma <i>D. K. Ford and J. R. Smith (Canada)</i>	373
2-day treatment of trichomoniasis with nimorazole <i>J. S. McCann, T. Horner, I. Shepherd, and N. Quin (N Ireland)</i>	375
Alfred François Donné, 1801–1878 <i>A. Lennox Thorburn (Gt Britain)</i>	377
Correspondence	381

Abstracts	382

The first Harrison Lecture, 1974 The life and times of Colonel Harrison <i>A. J. King</i> (Gt Britain)	391
The American perspective <i>R. R. Willcox</i> (Gt Britain)	404
Sexually-transmitted diseases in animals <i>J. D. Oriel and A. H. S. Hayward</i> (Gt Britain)	412
Rabbit globulin and antiglobulin factors associated with <i>Treponema pallidum</i> grown in rabbits <i>L. C. Logan</i> (USA)	421
Acute and chronic biological false positive reactors to serological tests for syphilis. ABO blood groups and other investigations <i>British Cooperative Clinical Group</i> (Gt Britain)	428
Comparison of RPR card test and VDRL test in the detection of biological false positive reactions in systemic lupus erythematosus <i>B. B. Dorwart and A. R. Myers</i> (USA)	435
Comparative assessment of microbiological methods for the diagnosis of gonorrhoea in women <i>M. J. Hare</i> (Gt Britain)	437
Treatment of gonorrhoea using a combination of intramuscular and oral ampicillin <i>E. Stoltz and H. J. J. Kerckamp</i> (The Netherlands)	442
Treatment of gonorrhoea with trimethoprim-sulphamethoxazole and probenecid plus procaine penicillin in Rwanda <i>A. Z. Meheus, E. Ngamije, and P. Freyens</i> (Rwanda)	447
Comparison of direct microscopy and culture in the diagnosis of trichomoniasis <i>J. S. McCann</i> (Gt Britain)	450
Social and psychological aspects of venereal disease in Papua New Guinea <i>G. Hart</i> (Australia)	453
Pustular secondary syphilis <i>R. L. Miller</i> (USA)	459
Primary syphilis in the oral cavity <i>N. J. Fiumara and M. Berg</i> (USA)	463
